### Judy Otis Fry

Dr. Jarrett was a great physician. He is the standard by which we measure all other physicians. I am now 61 yrs old and remember him like it was yesterday. He also cared for my brother and sister. My mother still quotes him to the new mothers in the family. With 5 great-grandchildren, there are plenty of opportunities. We will never forget him. Our prayers are with you, Mrs. Jarrett.

### Vicki Joyce

Dr. Jarrett took care of my son at Grandview Hospital when he was diagnosed with Juvenile Diabetes at age 2 (1968). We continued to see him until his move to Chicago. He saved my son's life, who is now 50. We will never forget him. Prayers to you, Mrs. Jarrett.
