“ *My condolences to Bill. We only were together on a few occasions, yet we were second cousins and both graduates of Otterbein College. We also shared a love of family history and genealogy. Kathy, May you Rest in Peace till the coming of our savior.*

“ *I always liked Kathy. She was in my home room all through High School and sat near me in class's that we shared. With Gary Harrington, Mike Hay, Ron Heege and myself surrounding Kathy in homeroom we were always making off the cuff remarks that made Kathy laugh. I can still picture her quick quiet smile. Kathy was a quiet girl, but beautiful in her own way.*

*Kathy and I were "car mates" together in Drivers Training along with Terry Dodson . The car we drove was a stick shift model with the sifter on the steering column. Terry was not a very aggressive person... So when it was his turn to get up the Wagar Road hill by Rocky River high school.. it took him about 5 traffic lights to make it up to the top. Kathy and I just sat in the back seat with tears running down our faces from stifling our laughter...I can assure you the drivers in the line of cars behind us were not laughing.*

*I talked to Kathy about 3 years ago on the phone and we caught each other up on our lives.. Kathy loved to travel that is for sure.*

*I'll miss Kathy in this world.. Rest in Peace sweet girl...*
